

## rockmelon

# APPLAUD F1

- *High brix with excellent flavour*
- *Large size with very tight seed cavity*
- *Strong plant with excellent yield*

**Applaud** is a new introduction to our rockmelon range. Applaud is a non-sutured variety that should be grown in cool growing periods. The fruit are large with a very tight seed cavity. Brix is high with excellent flavour and texture. Applaud also produces a strong plant with excellent yield. Applaud has IR to F0, F2, PM1, PM2.

<b>Plant:</b>	Vigorous plant with good cover.
<b>Fruit:</b>	2 - 2.5 kg
<b>Shape:</b>	Round to Oval
<b>Netting:</b>	Closed net with no suture
<b>Flesh:</b>	Deep orange colour with good firmness, brix and flavour.
<b>Harvest Periods:</b>	Suitable for cool growing periods.
<b>Pack Size</b>	5,000, 10,000 & 25,000
<b>Key</b>	F0 & F2 - Fusarium wilt    PM - Powdery mildew

**Intermediately resistant** plant varieties would restrict the growth and development of the specified pest or pathogen. The plant variety may however exhibit a greater range or degree of symptoms when compared to a highly resistant variety. Intermediately resistant plant varieties will still show less severe symptoms or disease damage than susceptible plant varieties when the crop is grown under similar environmental conditions and is subjected to the same disease or pest pressure.

**Disclaimer:** Lefroy Valley carries out trialing throughout Australia/New Zealand prior to releasing varieties into the market place. We strongly recommend that all varieties be trialed under your growing conditions prior to commercial sowings taking place. For details of up-to-date technical information & trial results in your area please contact Lefroy Valley. This information is valid at the date of publication. All cultural and descriptive information is supplied in good faith as a guide only. Varietal performance is influenced by many variables, namely climatic, soil conditions, cultural and management practices. No liability will be accepted by Lefroy Valley or its representatives as to final performance based on this information.
