

mini pollinator

MINIPOLL

- *Specialist mini pollinator*
- *Distinct rind colour*
- *Extended flowering*

Specialist mini-pollinator for seedless melons. Extended flowering allows for optimum pollination and for the seedless crop to achieve maximum yield potential.

Plant:	Vigorous vine with good cover
Fruit size:	1.5 to 3kg
Shape:	Round
Rind:	Light green - Charleston Grey type
Flesh:	Firm dark red
Harvest period:	Suited to all watermelon seasons
Characteristics:	A specialist pollinator for seedless watermelons. Shows good vigour and extended flowering allowing for high yield potential in the seedless crop.
Pack Size:	5,000 & 10,000 seeds.

Disclaimer: Lefroy Valley carries out stringent trialing throughout Australia/New Zealand prior to releasing varieties into the market place. We strongly recommend that all varieties be trialed under your growing conditions prior to commercial sowings taking place. For details of up to date trial results in your area please contact Lefroy Valley. Above information is valid 12 months from publication date. All cultural and descriptive information is supplied in good faith, as a guide only. Varietal performance is influenced by many variables, namely climatic, soil conditions, cultural and management practices. No liability will be accepted by Lefroy Valley or its representatives as to final performance based on this information.
